

## WHAT TO BRING HUNTING – Southfork Outfitters

**As you may know, the weather in Montana is unpredictable, and can change without notice. Be prepared to dress in layers. Remember it is easier to shed clothing than not have enough.**

**This list is specifically for our early season fall hunt. If you are coming for the late season hunt, warmer items will need to be added.**

**We have experienced all sorts of weather during our hunts – from warm, sunny days to rain, cold and snow.**

**This list should give you an idea of what bring.  
If you have any questions just give us a call.**
